INTERNATIONAL SALES

The **NVD PVS-15C Binocular** utilizes the same body and accessories as the Mil Spec AN/PVS-15, but built with commercial grade image intensifiers. A dual-tube goggle provides greater depth perception which can be critical when performing surveillance and recognition missions.

The PVS-15C can be operated as a hand-held binocular or helmet mounted. Other features include single AA battery operation, Automatic Brightness Control (ABC), Built-in IR illuminator, submersible to 66 feet (20 meters), and IR light and low battery indicators.

STANDARD ACCESSORIES

Carrying Case, Lens Caps, Sacrificial Windows, Demist Shields, Lens Paper, (2) AA Batteries, Operator's Manual and Neck Cord
