INTERNATIONAL SALES

The **PVS-7 Night Vision Goggle** is the preferred choice worldwide. Produced by the hundreds of thousands, the PVS-7 will continue to march on for many years to come. Built to withstand water immersion, utilize quick connect and disconnect features, include an infrared LED for use in complete darkness and assist in reading maps. An LED warning light is built into the unit to remind the user that the infrared LED can be seen by others who are using night vision devices. A low battery warning light is also built into the unit and there is also high light cut-off which will turn the unit off if it is left on during daylight conditions. The 7 runs on two AA batteries which power the unit for more than 40 hours. This system complies with MIL-PREF-49313, MIL-STD-810G. For optimum performance, maximum durability, and the best possible supportability, the PVS-7 night vision device is the best choice for law enforcement and military forces.
