The **Knight Vision® UNS-SR Clip-on Weapon Sight**, adds light intensification night vision to most rifles and day scopes. This product uses the latest high performance image intensifier tube in a proven design. The refractive lens provides high performance light collection in a light weight design. The UNS-SR is appropriate for medium to short range rifles, and daysights with magnification up to 4x. The Knight Vision® patented technology makes the product universal and assures the accuracy of your range-tested day scope boresight will not be degraded. When the UNS-SR is added in front of your dayscope, your existing optic, eye relief, and cheek weld are undisturbed.
