

PVS-7-C2 NIGHT VISION GOGGLE

The **NVD-PVS-7-C2 Goggle with Gen 3, Grade Two Image Intensifier** is the best choice for law enforcement, home security, outdoorsmen, boaters, campers, wildlife studies, or predator-control. The PVS-7 is built to be water-resistant, capable of hands-free operation, and utilizes quick connect and disconnect features. The PVS-7 runs on two AA batteries which power the unit for more than 40 hours.

The PVS-7 is built to withstand water immersion, utilize quick connect and disconnect features, include an infrared LED for use in complete darkness and assist in reading maps. An LED warning light is built into the unit to remind the user that the infrared LED can be seen by others who are using night vision devices. This system complies with MIL-PREF-49313, MIL-STD-810G.
