

# PVS-15 NIGHT VISION BINOCULAR

The **NVD PVS-15C Binocular** utilizes the same body and accessories as the Mil Spec AN/PVS-15, but built with commercial grade image intensifiers. A dual-tube goggle provides greater depth perception which can be critical when performing surveillance and recognition missions.

The PVS-15C can be operated as a hand-held binocular or helmet mounted. Other features include single AA battery operation, Automatic Brightness Control (ABC), Built-in IR illuminator, submersible to 66 feet (20 meters), and IR light and low battery indicators.

The NVD PVS-15 utilizes MIL SPEC parts and accessories and is built with either Commercial, MIL GRADE or MIL SPEC Elbit Systems of America® GEN III Pinnacle Auto Gated image intensifier tubes.

## FEATURES

- » FIVE YEAR WARRANTY
- » SUBMERSIBLE TO 66 FEET
- » SINGLE AA BATTERY USAGE
- » HIGH LIGHT CUTOFF
- » IR LED AND LOW BATTERY INDICATOR
