

SNIPER'S SPECIAL GROUND FORCES KIT

PVS-7-6X SPECIFICATIONS

OBJECTIVE LENS RESOLUTION:	165MM
POWER SOURCE/LIFE:	(2) AA-SIZE BATTERIES/40+ HRS
FOCUS RANGE:	33' TO INFINITY
MAGNIFICATION:	SIX POWER (6X)
FIELD OF VIEW:	8°
DIOPTER ADJUSTMENT:	-4 TO +4
WEIGHT:	2.2 LBS
DIMENSIONS:	13.25" L X 6" W X 3" H

AN/PVS-30 SPECIFICATIONS

POWER SOURCE:	(1) AA OR 123 BATTERY
BATTERY LIFE:	AA EXCEEDS 24HRS, 123 EXCEEDS 36 HRS
MOUNT:	KAC 26597 FOR QUICK ATTACH / DETACH TO MIL-STD-1913 RAIL OR EQUIVALENT MOUNTING SURFACE
WATERPROOF:	3 FT. FOR 4 HRS
FOCUS RANGE:	20 METERS TO INFINITY
RECOG. RANGE:	1000 M (HUMAN, 1/4 MOON)
MAGNIFICATION:	UNITY
BORE SIGHT:	WITHIN .5 MOA
FINISH:	FLAT BLACK MATTE OR DESERT SAND BROWN, CORROSION RESISTANT
CONTROLS:	ON/OFF GAIN CONTROL KNOB, FOCUS RING
WEIGHT:	2.9 LBS. (1.32 KG)
SIZE:	9.6" (244 MM) LONG

The Night Vision Devices, **Sniper's Special Ground Forces Kit (SSGFK)**, is an exclusive kit that was designed to outfit a Sniper and Spotter Team with everything needed to conduct effective night time operations. The main component of this kit is the AN/PVS-30 Long range Night Vision Clip-On Weapon Sight. The AN/PVS-30 is the world's best performing night sight available and is the choice of US ARMY Snipers. The Spotter's night scope is an exclusive NVD product that is comprised of a AN/PVS-7B with a fixed 6X magnification objective lens and a built in infrared laser pointer which is used by the spotter to pinpoint targets for the sniper. This arrangement allows the sniper to rapidly acquire and target any threat which has been located by the spotter.

The SSGFK includes a mini tripod for the spotters night scope, which allows the spotter to lay in a prone position. The kit also includes multiple Identify Friend or Foe (IFF) products such as glow tape, and IR programable beacons, which are essential in keeping the sniper team protected from friendly fire while they are beyond front lines engaging the enemy. The kit also includes Soft Carry Cases for both the Snipers Night Sight as well as the Spotters Night Scope, and a Hard Carry Case in order to store, carry and protect the entire kit.
